The Westwood Public Schools believes all children should have the opportunity to receive a musical education. Lessons and classes in the Prodigy Program are the lowest in eastern Massachusetts, limited funds are made available to assist families to provide lessons for their children. Assistance is made available to families with demonstrated need upon the size of the family, number of children enrolled in the Prodigy Program, number of children enrolled in university, total family income and special family circumstances. While each criterion identifies a condition of need for assistance, if any, is based upon the cumulative impact of all criteria.

## Tuition Assistance Policies
